## EDITORIAL BOARD

**Dear Esteemed Readers,**

We are excited to present the 2024-2025 edition of Anchor's Tale, the official magazine of Coimbatore Marine College. This year's edition is a celebration of our shared achievements and the spirit that defines our institution. Through insightful contributions from our esteemed faculty and inspiring stories of student success, Anchor's Tale captures the dedication, perseverance, and innovation that drive us forward.

This publication is not just a collection of articles; it is a reflection of our commitment to academic excellence, groundbreaking research, and vibrant campus life. It is vital for the future leaders in the maritime industry, to stay informed and motivated. Through this magazine, we aim to inspire and bridge the gap between knowledge and action.

A heartfelt thank you to all the contributors, editors, and supporters whose hard work has brought this edition to life. We hope Anchor's Tale continues to inspire and ignite passion in every reader as we embark on another year of growth and success.

This magazine is a testament to our collective achievements. Let's take pride in how far we've come and navigate the future with determination, making meaningful contributions to the maritime world and beyond.

Wishing you fair winds and smooth sailing ahead.

Sail forward with determination and excellence!

Sincerely,  
CMC Editorial Board

## MESSAGE FROM THE CHAIRMAN

**Dear Cadets, Faculty, and Esteemed Guests,**

It is with great pleasure that I extend a warm welcome to all of you as we celebrate another remarkable year at our Coimbatore Marine College. As we mark this Annual Day, it is an opportune moment to reflect on the accomplishments of the past year and look forward to the exciting possibilities that lie ahead.

**C/E. S.I. NATHAN**

Chairman,

CMC Group of Institutions

Coimbatore Marine College stands as a beacon of excellence in maritime education, and it is heartening to see how far we have come in shaping the future of maritime professionals. Our commitment to delivering high-quality education, paired with cutting-edge training programs, ensures that our Cadets are equipped with the skills and knowledge necessary to succeed in the ever-evolving maritime industry.

We take pride in our holistic approach to education that balances theoretical learning with hands-on experience, preparing our students not only for the technical demands of the maritime world but also for leadership, teamwork, and innovation. Every year, we continue to build upon our legacy of excellence, fostering an environment where

our students can thrive, our faculty can inspire, and our industry partners can collaborate.

As we reflect on the many milestones achieved by our students, I would like to take this opportunity to express my deepest gratitude to our dedicated faculty, staff, and industry partners for their unwavering commitment to the success of our college. Your hard work, passion, and dedication play an integral role in shaping the future of maritime education.

To our Cadets - you are the heart and soul of this institution. Your determination, discipline, and ambition inspire all of us. I encourage you to continue pursuing your dreams with the same enthusiasm and dedication that has brought you here today. As you embark on your professional journeys, know that you carry with you the values and skills instilled at this collegen, and we are confident that you will achieve great success.

As we look to the future, let us continue to strive for excellence, innovation, and collaboration. Together, we will continue to shape the maritime leaders of tomorrow.

Wishing you all a successful and rewarding journey ahead.

# ANCHOR'S TALE

## MESSAGE FROM THE PRINCIPAL

This year's annual magazine celebrates the spirit, dedication, and excellence that define our institution. It reflects a year of growth, resilience, and our shared commitment to shaping the maritime industry's future.

Our equal-opportunity campus empowers female cadets to thrive, while we prepare all students to meet the merchant navy's demands of courage, discipline, and responsibility. This year, we achieved remarkable progress in academics, training, extracurricular activities. Our students excelled in sports, debates, and leadership through various clubs in our college.

Leading shipping companies have shown faith in our institution by entrusting us to train their cadets.

Contributions from current merchant navy officers bridged the gap between theory and practice, enriching our programs.

To our students: Your passion inspires us. Embrace challenges as opportunities to grow into tomorrow's leaders. To faculty and staff: Your dedication shapes careers and the industry's future. To parents, alumni, and well-wishers: Your support drives our excellence.

This magazine is a testament to our collective achievements. Let's take pride in how far we've come and navigate the future with determination, making meaningful contributions to the maritime world and beyond.

Wishing you fair winds and smooth sailing ahead.

**C/E. KAUSHIK DASGUPTA**  
Principal,  
Coimbatore Marine College

# ANCHOR'S TALE

## MESSAGE FROM THE DIRECTOR

**"Behind every great leader there was a greater logistician."**

CMC is brining out new issue of college Magazine Anchor's Tale -2025 reflecting the overall hard work and dedication of the institution. I congratulate my team for their laudable efforts done to bring another edition of CMC.

The logistics business world is becoming rapidly global, and logistics education is reflecting this trend. Logistics is education evolving rapidly to keep pace with the changing needs of the business world and the broader society. I am honored to introduce Coimbatore Marine College, School of Maritime Studies popularly known as CMC, a leading logistics education institution in Tamil Nadu with a steadfast objective of forming responsible logisticians with a disciplined approach.

As a Director, my fervent desire is to create a campus ecosystem that thrives on harmony, collaboration and mutual respect among faculty, students and staff. By leveraging our deep understanding of Maritime - Logistics world, we facilitate students in organising programs and events that offer avenues for venturing into the real world of employment.

Let us collectively strive to make this institution a beacon of excellence, a modern temple of learning through our diligence, devotion and dedication converge.

Wishing you all a bright and successful future in the Maritime - Logistics world.

**Dr. S. B. Senthilkumar**

Bsc., MIB., M.Phil., Phd (S&L), ADMTL.,

Director, School of Maritime Studies  
(Shipping Logistics Management)

# ANCHOR'S TALE

## CMC VISION & MISSION

### OUR VISION

- Aim for 100% success trainees in qualifying Examination.
- Professional touches with harmonious approach in solving complaints / grievances ensure a pleasant and happy family environment in college campus.

### OUR MISSION

- To provide Goal-oriented. Quality-based and value added Education through State-of-the-Art Technology at par with international Standards.
- To prepare the students with high professional skills and ethical values.
- To impart knowledge through best practices.
- To undertake continuous assessment and remedial measures.

### QUALITY POLICY

- To set an immaculate and continued record in offering quality training to make the prospective Marine not only professionally sound and superior but also innovative, imaginative and inquisitive in their attitude and mind set to have clarity in thinking, service to society, courage in moral conduct.

# ANCHOR'S TALE

## UNDERSTANDING THE IMPORTANCE OF MARITIME SAFETY TRAINING

### Introduction

**M**aritime safety training is all about teaching seafarers how to stay safe while working at sea. It's crucial because it prepares them for emergencies they might face. A ship can be a dangerous place if people don't know what to do in a crisis.

Every seafarer must understand the basics of safety, like dealing with fires, surviving in the water, and following health guidelines. These skills help keep everyone on the ship safe. Knowing how to handle emergencies quickly means fewer accidents and injuries.

Safety training is important not just for the crew but also for the ship and cargo. A well-trained crew can prevent accidents that might damage the ship or its cargo, saving money and lives. It's a vital part of making sure everyone gets home safely.

**C/E. Gopalakrishnan B C,**  
Director, Training and Placement Cell  
Coimbatore Marine College

### The Fundamentals of Maritime Safety Training

Maritime safety training involves educating seafarers about the crucial safety measures necessary to minimise risks on ships. It gives crew members the skills and knowledge to safely handle emergencies and everyday tasks. This training is vital because the sea can be unpredictable and dangerous. Proper training helps seafarers react quickly and correctly in dangerous situations, significantly reducing the chance of accidents and injuries.

Key components of maritime safety training include learning about fire prevention, survival techniques, health protocols, and navigational safety. Fire prevention training helps the crew to recognise fire hazards and use firefighting equipment efficiently. Survival techniques prepare them to deal with emergencies like abandoning ships and surviving in life rafts. Health protocols ensure everyone can stay healthy and respond to medical emergencies. Navigational safety training covers operating and navigating the ship safely to avoid accidents.

This training is essential for all seafarers because it builds a strong foundation of safety knowledge. It helps create a safer working environment on the ship by teaching the crew to prevent and handle emergencies effectively. Without this training, seafarers could find themselves unprepared for the various hazards of working at sea, putting themselves and others at risk.

## ANCHOR'S TALE

### UNDERSTANDING THE IMPORTANCE OF MARITIME SAFETY TRAINING

Continue...

#### The Future of Maritime Safety Training

Innovations in training methods, such as virtual reality (VR) and simulations, are transforming the maritime safety training landscape. Using VR allows seafarers to experience realistic emergency scenarios in a controlled environment, enhancing their readiness for actual events. These modern methods provide an immersive way to practice safety procedures repeatedly without any actual risk.

International regulations and standards continue to evolve, and training must adapt accordingly. New Incorporating technology into safety protocols helps improve training effectiveness and emergency responses. For example, advanced communication tools can provide real-time updates during a crisis, allowing for better coordination and faster responses. Integrating these technologies into training programs ensures that seafarers are well-prepared for modern maritime challenges.

#### Conclusion

Maritime safety training is essential for protecting lives and property at sea. Its various components, from fire prevention to personal survival techniques, equip seafarers with the skills they need to handle emergencies and maintain safety on board. Continuous training and adopting new technologies ensure seafarers stay updated and prepared for the ever-changing maritime environment.

Staying informed and regularly participating in maritime safety training boosts confidence and enhances overall safety. It's crucial to invest in continuous learning and skill development to master the challenges at sea.

### THE SHIPPING INDUSTRY THE GREATEST SOURCE OF GLOBAL CARBON EMISSION?

There are various emissions from the ship which are responsible for ozone depletion greenhouse effects as well as human health due to this pollutant by the seat meaning premature death respiratory and cardiovascular diseases were reported.

The shipping industry is the backbone of World Trade. It contributes around more than 80% of the World Trade. Most of the flow of the commodity is mainly done by the shipping industry only but everything has its disadvantages too today shipping industry has become one of the most anthropogenic emission sectors. There are various emissions from the ship which are responsible for ozone depletion greenhouse effect as well as human health due to this pollutant as well as particulate matter emitted by the seat meaning premature death respiratory and cardiovascular disease were reported.

## CADETS PAPER

### DUTY OF CARE, SAFETY MANAGEMENT AND CREW WELFARE

Yash Srivastava, Dr. S. Gopinath Department of B.Tech Marine Engineering, Coimbatore Marine College, Pollachi Main Road, Ottakkalmandapam, Coimbatore, TamilNadu-641032, India.  
Corresponding Author: Email id - yashsrivastava844@gmail.com.

#### Abstract:

The maritime industry plays a pivotal role in global trade, yet its success heavily relies on the well-being of its unsung heroes—seafarers. Life at sea presents numerous challenges, including long periods of isolation, demanding work hours, and physical and mental health risks. The concept of "Duty of Care" encompasses the responsibility of ship owners and managers to ensure the safety, health, and welfare of the crew. This paper explores the multifaceted approach required to create a secure and supportive working environment onboard ships, emphasizing the importance of safety protocols, crew training, and maintenance practices. It highlights the role of advanced safety technologies, such as autonomous vessels, remote monitoring systems, and smart wearables, in enhancing crew safety. Furthermore, it discusses the significance of regulations, policies, and industry standards, including those from the International Maritime Organization (IMO), in promoting crew welfare. The paper concludes that fostering a positive organizational culture and prioritizing crew care are essential for reducing accidents, improving operational efficiency, and ensuring the long-term success of maritime operations.

This abstract captures the essence of your paper, focusing on the importance of safety management, technology, and regulatory frameworks in ensuring the welfare of seafarers. Let me know if you'd like to refine it further!

### CYBERSECURITY CHALLENGES AND SOLUTIONS IN AUTOMATED MARINE ENGINE ROOMS

by VANAAARAVINDR, COIMBATORE MARINE COLLEGE

#### Abstract:

The accelerated development of automation in marine engine rooms has transformed the maritime sector, improving operational efficiency, safety, and cost savings. The digital revolution comes with it, though, are tremendous cybersecurity challenges that undermine the integrity and safety of maritime operations. This paper discusses the vulnerabilities that come with automated marine engine rooms, including legacy systems that are no longer current, cyber threats ranging from malware and ransomware, and the threat posed by insider threats.

# ANCHOR'S TALE

## CADETS PAPER

### CYBERSECURITY CHALLENGES AND SOLUTIONS IN AUTOMATED MARINE ENGINE ROOMS

Continue...

It also analyzes regulatory schemes, such as IMO guidance and SOLAS treaties, which direct maritime cybersecurity practices. As countermeasures against cyber threats, the research proposes technological strategies such as firewalls, encryption, and threat detection through artificial intelligence, together with operational methods like cybersecurity education, access controls, and incident response planning. Emerging trends in the future for maritime cybersecurity, such as growing cooperation among stakeholders and security features powered by artificial intelligence, accentuate the need for proactive planning. This paper underscores the significance of incorporating cybersecurity as a fundamental element of maritime automation to provide assurance and resilience of vital marine systems.

Keywords : automation, maritime industry, cybersecurity.

---

### SCALING DOWN THE OUT FLOW OF GHGE MISSION IN MARITIME INDUSTRY

Raj Anil Henia<sup>1</sup>, Arull Godwin<sup>2</sup>, Faisal Anis Khan<sup>3</sup>, Shivam Vijay Upadhyay<sup>4</sup>, Mehul Arulraj<sup>5</sup>, Ashmit Dogra<sup>6</sup>. 1,2,3,4,5,6 UG Scholar, Department of Nautical Science, Coimbatore Marine College, Coimbatore, Tamil Nadu, India.

#### Abstract:

This paper has described the methodologies used for reduction in greenhouse gases like carbon dioxide[CO<sub>2</sub>], methane[CH<sub>4</sub>], nitrogen [NO<sub>x</sub>] etc. Also, it covers the technologies used all over the globe to capture the carbon [C], which is a major component of greenhouse gases. Moreover, this paper has also elaborated regarding the sustainable marine fuels like the hydrogen [H<sub>2</sub>] fuel cells and ammonia[NH<sub>3</sub>] as a marine fuel considering its specific energy (amount of energy present per unit mass of fuel expressed in MJ/kg) and density (amount of energy present per unit volume of fuel usually expressed in MJ/L), also the various types of bio fuels like bio diesel, ethanol (C<sub>2</sub>H<sub>6</sub>O), E85 [combination of ethanol (C<sub>2</sub>H<sub>6</sub>O) and gasoline]. Overall, this paper will explain the feasibility for the reduction of greenhouse gas emission for the sustainable environment for the future generation. United Nations, European Union and other countries have suggested steps to resolve the greenhouse gas mission, and these steps are briefly elaborated in this paper. At the end this paper will conclude itself by the most feasible means of fuel sources in both environment and economic sustainability in the maritime industry.

## ANCHOR'S TALE

### INDUSTRIAL VISIT TO SAINIK SCHOOL

Industrial Visit to Sainik School Cadets of B. Tech 24 and B. Tech 23 (A & B) had the unique opportunity of visiting Sainik School, Amaravathi Nagar On October 4th, 2024, under the guidance of Mr. Arunprasath P and Mr. Hemanand. The cadets immersed themselves in the inspiring environment of the school, renowned for creating disciplined and dedicated young cadets. The visit was further enriched by the gracious welcome from Principal Capt (IN) K Manikandan, who shared the school's vision and mission with the cadets, emphasizing the commitment to nurturing cadets who are well-prepared to face life's challenges with resilience and integrity. Cadets got the first-hand glimpse into the rigorous routine, discipline, and training that are the core of character-building for cadets.

### INDUSTRIAL VISIT TO VERSA DRIVES PVT LTD

Cadets from B.Tech 23 A & B had an insightful visit to Versa Drives Private Limited in Coimbatore, on October 8th, 2024, led by Dr. S. Gopinath and Mr. P. Arunprasath. Guided by Mr. Vaira Manikandan, Assistant Manager, this experience allowed the cadets to gain practical knowledge of the intricate processes behind electronic drive manufacturing, a technology used in escalators, lifts, and domestic fans. The cadets witnessed first-hand the assembly and testing procedures, along with the various engineering equipment and techniques employed to ensure quality and efficiency in each drive. As they observed the precision involved in design and quality control, the students gained a valuable perspective on how everyday applications are powered by reliable engineering. The visit went beyond academic theory, immersing them in real-world applications and demonstrating the transformative role of engineering in creating technology that impacts daily life.

## ANCHOR'S TALE

### INDUSTRIAL VISIT TO CHENNAI PORT

A visit to Chennai Port in Tamil Nadu offered a first-hand look at the dynamic operations of this significant deep-sea harbor, to the cadets of B.Sc 22. On 30th September 2024, it was founded in 1881. Amid clear skies and bright sun, the bustling port underscored its role in supporting both international and domestic trade. Handling approximately 50 million tones of cargo annually, Chennai Port specializes in containerized cargo, automobile exports, and liquid bulk and general cargo. The scenes captured during the visit showcase the scale and efficiency of one of India's primary maritime gateways.

### IV TO COCHIN PORT BY B.TECH CADETS

Industrial visit was organized for Second-year B.Tech Marine Engineering cadets to Cochin Port Trust (Ernakulam Wharf) On October 21, 2024, under the guidance of faculty members Mr. Maiyavel and Mrs. Vanitha Velayaudham. The tour, led by Mr. Vipin, Traffic Manager at Cochin Port Authority, provided cadets an in-depth look at the tug boat's engine room and bridge. cadets explored key onboard machinery, including the 4-stroke V-type 8-cylinder Caterpillar engine with azimuth propulsion and essential deck machinery, gaining valuable practical insights into vessel operations.

### IV TO COCHIN PORT BY B.SC CADETS

B.Sc. Nautical Science students, accompanied by faculty members Mr. P. S. Nair and Ms. Sangeetha, visited Cochin Port (Ernakulam Wharf) and INS Dronacharya On October 21, 2024. Guided by Mr. T.M.Renjith, the visit provided a hands-on learning experience about port operations and a tour of the tugboat \*Ocean Pioneer Chennai\*, where students explored the bridge and engine room. The visit to INS Dronacharya offered insight into the disciplined and dedicated lives of naval personnel, making it an inspiring experience and a unique opportunity that left a lasting impression.

## ANCHOR'S TALE

### RADIO MIRCHI FRESHERS EVENT

**R**adio Mirchi (Times Group) hosted the "Mirchi Freshers" event On October 1, 2024, at our CMC Campus. The event aimed to showcase our students' talents in dance, solo singing, mimicry, Silambam, karate, and kungfu. \*Mr. Mirchi Fresher\* and \*Ms. Mirchi Fresher\* titles were awarded to Cadet Sathvik (BSc 24) and Cadet Revathi Rajeev (BSc 22) respectively. The event concluded with the inspiring words from Principal C/E Kaushik Dasgupta, the Director Dr. S. B. Senthil Kumar, and Placement Director C/E Gopalakrishnan. A special singing performance by Prof. Saifudeen

### VIJAYADHASAMI CELEBRATION

**A**yudha Pooja and Saraswathi Pooja was celebrated at the Campus On October 10th, 2024, honoring the tradition with great spirit and unity. The festivities brought together cadets and faculty across various departments to express gratitude and seek blessings for wisdom, prosperity, and progress in the coming year.

All the departments gathered in their designated areas for the Pooja ceremony: the Accounts Section performed rituals in their workspace, B.Tech cadets in the Engine Room, and B.Sc cadets in the Simulator Room. Our Drivers gathered in the Vehicle Shed, GME cadets held their Pooja in the Workshop, and ETO cadets joined in the ETO Lab. Finally, BBA and MBA students gathered in A-Block to offer their prayers.

This celebration was a memorable moment of unity, reinforcing the values of reverence and gratitude. The day was meant for thanking the teachers and also the non teaching staff though it is named differently in all the states of the country the motive remains the same "Thanks giving"

# ANCHOR'S TALE

## DIWALI CELEBRATION

A mar kalam 2k24 - Diwali" was celebrated on 26.10.2024 at CMC Auditorium. The celebration started with Thamizhthai Vazhthu followed by the Lighting of Lamp. The welcome address was delivered by Cadet. Amulya Thomas.(BT 22). Then the stage flourished with the various events such as dance, singing etc. by our CMC Cadets.

## E-WEBINAR ON ENTREPRENEURSHIP

The cadets from B.Tech 21 and B.Sc 22 attended the webinar conducted by the IMU – Navi Mumbai Campus at the SIC Conference Hall. Ms. Nafeesa Moloobhoy, Managing Director, A.S.Moloobhoy Pvt. Ltd., Mumbai, spoke on the title Entrepreneurship. Faculty members Dr. S. Gopinath, Mr. Mohanraj, Mr. Arunraj, and Mr. Shankarapandian, also attended along with cadets.

## NATIONAL EDUCATION DAY

The Literary Club at Shipping Campus successfully organized the National Education Day celebration on November 11, 2024. This day commemorates the birth anniversary of Maulana Abul Kalam Azad, the first Education Minister of independent India, who played a pivotal role in promoting education as a means of empowering society. Cadets Mr. Ashmit Dogra, Mr. Ankith, Ms. Ashelesha, Ms. Shrajvitha, and Ms. Sincy delivered insightful speeches covering various themes. The event emphasized the role of education in personal and social development, particularly highlighting the importance of equal opportunities for all, including women.

## ANCHOR'S TALE

### WEBINAR ON ENTREPRENEURSHIP

**G**ME 49 & ETO 24D cadets attended the webinar conducted by the IMU - Chennai Campus at the SIC Conference Hall on 22 November 2024 at 11:30 a.m., and the topic was "Entrepreneurship." The resource person was Speaker Mr. Deepak Cheran, CEO of Eunoia Innovations Pvt. Ltd, Telangana. Faculty members Dr. S. Gopinath, C/E Gopalan Velayudham, Mr. Hemanand, Mr. Thirumurugan, and Mr. Rafi also attended.

### WEBINAR ON FINANCIAL PLANNING

**T**he cadets from GME 49 & ETO 24D attended the webinar conducted by the IMU – Mumbai Port Campus at the SIC Conference Hall on 26 November 2024 at 11:15 a.m. The resource person was Lt Col Sunil Tandale retd., spoke on the topic "Financial Planning". Faculty members Mr. Basuvaraj & Mr. Bharathi also attended.

### INDUSTRIAL VISIT TO GIREESH HEAT EXCHANGERS

**O**n 05 November 2024, GME 47 (15 Cadets) visited Gireesh Heat Exchangers & Cooling Towers. The industry person was Mr. Anand, production-in-charge. Faculty members Mr. Hemanth & Mr. Rameshkumar accompanied the students. During the visit to Gireesh Machinery, the cadets had an enriching experience focused on heat exchangers. This visit significantly enhanced our understanding of the operation and maintenance of shell and tube heat exchangers. Furthermore, we were introduced to various machines utilized for maintaining these heat exchangers, which provided us with valuable insights into their functionality and upkeep. Overall, the experience was both informative and beneficial for our professional development. On 23 November 2024, ETO 24 D (40 Cadets), along with Dr. S. Gopinath, Mr. Rafi, & Mr. Samprakash, visited Salzer Electronics Private Limited. Cadets gained practical knowledge of the working and making of the transformers and their subcomponents. Mr. Sukumaran (Production Manager) shared his industrial experience and technical knowledge regarding the 'Transformers.' Overall, the experience was both informative and beneficial for our professional development.

# ANCHOR'S TALE

## CMC UYIR CLUB

**C**MC uyir club has been inaugurated for Implementing ROAD SAFETY in & around college environment ensures safe driving, for both students and staff.

## INDIAN NAVY DAY

**T**he Institution celebrated Indian Navy Day on 4th December 2024 at 3:30 PM, commemorating the valor, dedication, and achievements of the Indian Navy. The event featured engaging and informative speeches delivered by our talented Students of GME & ETO departments. Mr. Vishnu captivated the audience with an insightful presentation on "The History of the Indian Navy", Mr. Ahamed Zeedan explored advancements in maritime defence through his speech on "Recent Developments in the Indian Navy", Mr. Kripa shed light on the technological might of the Navy with a talk on "Indian Navy Weapons" and Mr. Akhil highlighted the importance of cyber-security in modern naval operations with his address on "Enhancing Operational Efficiency in Cyber-security". Along with the students' performances, faculty members also attended the program, further enhancing the celebration. The event reflected the cadets' dedication and respect for India's maritime force, with their enthusiasm and efforts making it both educational and inspiring.

## ROUNDTABLE ON INDUSTRY - INSTITUTE PARTNERSHIP

**D**r. S. Senthil Kumar, Director of Management Studies, and Mr. Vignesh, Assistant Professor (B.Tech, M.E.), took part in a follow-up session titled "Empowering Industry-Academia Synergy: A Call to Action – Round-table on Industry-Institute Partnership". The event, organized by the Confederation of Indian Industry (CII), was held at the CII office in Coimbatore on 6th December 2024, from 4:00 pm to 6:30 pm. The session served as a platform for collaboration, bringing together representatives from 15 top companies and 15 leading colleges in Coimbatore.

# ANCHOR'S TALE

## CAMPUS VISIT BY MEDITERRANEAN SHIPPING COMPANY

On December 14, 2024, an MSC Company official, Mr. Raymond Mendes, Deputy General Manager, paid a visit to our campus. The representative was amazed with our campus during his tour. He also spoke to our students (GME 50 and ETO 24 C) in the conference hall, shared his important views and engaged in interesting discussions. cadets.

## NATIONAL-LEVEL WORKSHOP

Asst. Prof. P Santhamani, of the Mathematics Department, actively attended a One-Day National Level Online Workshop titled "GeoGebra Math Tool for 3D Visualization", organized by A.C.T Academy, Kerala, on 10th December 2024.
